Information About The Service

Description of the Service

Pivotel Certus Land plans use the next generation Iridium constellation (NEXT) low earth orbit satellite network together with compatible Iridium Certus Land terminals.

You can use the service to make and receive domestic and international voice calls within the Iridium Mobile Satellite Network coverage area (see <https://www.pivotel.com.au/iridium-coverage/>). Within the coverage area, you can access data services including emails and browsing the Internet.

Exclusions

SMS services are not available on Certus Land plans.

Eligibility

Pivotel Certus Land plans are available to be used only on the land based regions of the world within the Iridium Mobile Satellite Network coverage area.

Mandatory Goods

You need a compatible Certus Land terminal to use this service. You can bring your own Certus Land terminal, or you can purchase one outright from us with these plans. Our *Iridium Certus Land Plans – With Hardware* range of plans provide bundled terminal with subsidised upfront purchase and hardware payment plan options.
