Information About The Service

Description of the Service

Pivotel Inmarsat GSPS Prepaid uses the Inmarsat geostationary earth orbit satellite network together with a compatible Inmarsat handset.

You can use the service to make and receive domestic and international voice calls and SMS within the Inmarsat Mobile Satellite Network coverage area (see <https://www.pivotel.com.au/inmarsat-coverage/>).

Eligibility

Pivotel Inmarsat GSPS Prepaid is available to any user with an appropriate terminal operating within the Inmarsat Mobile Satellite Network coverage area.

Exclusions

Services are not available outside of Inmarsat coverage area. Information about the Pivotel Inmarsat GSPS satellite network coverage can be found at <https://www.pivotel.com.au/inmarsat-coverage/>

Activating Prepaid SIM

An Inmarsat GSPS Prepaid SIM card needs to be activated and recharged with any selected eVoucher above.

Recharging Prepaid SIM

The prepaid SIM can be recharged at any time. Any unused units will be forfeited when the access period expires. If the SIM is recharged before the expiration date, the unused units will be rolled over to the next expiry date. The new expiry period will be determined by the eVoucher expiry period from the date of activation.

Mandatory Goods

You need a compatible Inmarsat handset to use this service. You can bring your own Inmarsat handset, or you can purchase one from us.
